2011 Curriculum Review

Each year the Kids 'R' Kids Corporate office conducts two annual reviews of our classrooms and the curriculum. They just concluded our fall review for 2011. It is with great pleasure that I tell you not only did each of our classrooms excel during the review, four of them were given the highest rating possible, *Hug Above*. We are so proud of the hard work our teachers put into earning such high rating. Please take a minute to congratulate them on their success.

Thanksgiving Food Drive

This year during our Thanksgiving Food drive the classrooms were able to collect an amazing amount of food. The children were so excited as they boarded the bus to load their donations. What a great opportunity for them to begin learning about giving back to the community. Their faces were beaming with joy as they loaded their donations. Each class got an opportunity to sit in the bus and discuss where the donations were going and how

happy the receiving families would be. Thanks to each of the families who helped by donating food items.

So who collected the most donations? Suite 100 & 150, who together collected over 50 cans of corn and green beans. Way to go parents! You helped earn your babies a mum-mum party.
